This information does not represent an offer to sell securities of the Fund and it is not soliciting an offer to buy securities of the Fund. An investment in the Fund involves a high degree of risk. The Fund should be considered an illiquid investment. The Fund does not intend to apply for an exchange listing, and it is highly unlikely that a secondary market will exist for the purchase and sale of the Fund's common shares. You could lose some or all of your investment. An investment in the Fund is not appropriate for all investors and is not intended to be a complete investment program. The Fund is designed as a long-term investment for investors who are prepared to hold the Fund's common shares until the date of the Liquidity Event, and is not a trading vehicle. All investments are subject to risk, including possible loss of principal. Fixed income securities are subject to numerous risks, including but not limited to: credit, inflation, income, prepayment and interest rates risks. As interest rates rise, the value of fixed income securities fall. The Fund may invest without limitation in high-yield ("junk bonds"). High yield bonds ("junk bonds") are subject to higher credit risk and a greater risk of default. The Fund may invest all or a portion of its Managed Assets in illiquid securities. The Fund may make significant investments in securities for which there are no observable market prices; the prices of which must be estimated by the investment adviser. Investments in foreign securities involve risks, including the possibility of losses due to changes in currency exchange rates and negative developments in the political, economic or regulatory structure of specific countries or regions. These risks are greater in emerging markets. Leverage may result in greater volatility of net asset value (NAV) of common shares and increases a shareholder's risk of loss. Derivative instruments can be illiquid, may disproportionately increase losses and have a potentially large impact on Fund performance. Distributions are not guaranteed and are subject to change.
